

Kodak

microSDHC Memory Card

Industry leaders Lexar and Kodak have joined forces to deliver a comprehensive selection of solutions-based memory cards and USB flash drives in various formats, speeds, and capacities. These products deliver the brand quality and reliability that Kodak customers have come to expect, teamed with the advanced performance of Lexar® memory card technology.

The KODAK microSDHC Memory Card is a small, high-capacity card that lets you capture and store more high-quality photos and video with your microSDHC-enabled camera phone. The card is available in 4GB, 8GB, and 16GB capacities.

Enhance Your Mobile Lifestyle

Capture and Store Great Moments. Shoot high-quality photos and video—without your digital camera. The high-capacity KODAK microSDHC Memory Card lets you capture more high-resolution photos and stunning video right from your high-megapixel camera phone. You can trust your memories on the go to KODAK brand quality.

The Digital Assurance Promise. The KODAK microSDHC Memory Card is backed by the Digital Assurance Promise, which means it's compatible with other products within the KODAK EASYSHARE System. It also means you'll always have answers with 24-hour customer support from Lexar, and you'll enjoy KODAK quality with a limited lifetime warranty.

The Best of Both Worlds. Enjoy the combined benefits that KODAK brand quality and Lexar technology deliver. And you can keep it Kodak by adding the KODAK microSDHC Memory Card to your existing line-up of other trusted KODAK Products, while enjoying the advanced, innovative memory card technology provided by Lexar.
